	SIDE TWO: 6"	SIDE TWO: 4"	

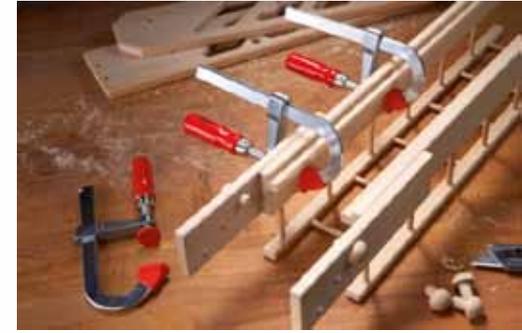

Woodworking: Angle & Miter Clamps

Simply better.

GS-11

- q Not only does it do 90 degree joints!
- q The GS-11 can be used to clamp any angle from 45 to 120 degrees
- q Mounted on a rigid steel base all 3 clamping jaws swivel, allowing the matching of any angle within the clamps range.
- q Clamp body made of shock resistant super polyamide
- q Outer clamping arms have non-slip soft pads to firmly grip the work pieces.

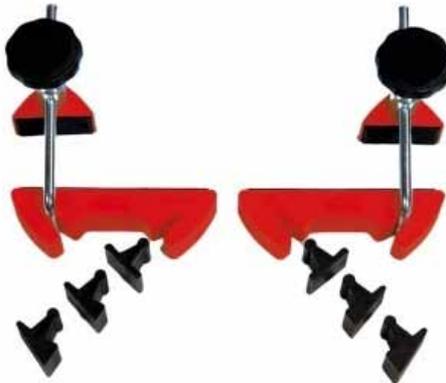

Woodworking: Angle & Miter Clamps

Simply better.

MCX miter clamping adapter set

- q Combined with most standard bar clamps the MCX makes clamping across various miter joints easy
- q Provides even pressure across the miter
- q Change clamping angles without tools
- q Casings made of glass fiber reinforced polyamide
- q Holds work pieces up to 4 inches wide

Woodworking: Angle & Miter Clamps

Simply better.

ES Irregular angle clamping adapter set

- q Made for use with BESSEY® TG & TKG clamps
- q Clamps any angles between 15° & 180°
- q Capacity limited only by length of clamps you have
- q Non-marring soft rubber clamping surfaces

Woodworking: Angle & Miter Clamps

Simply better.

WS-1

- q Economical fixed 90 degree angle clamp for miter or butt joints.
- q Holds work pieces up to 3" wide.
- q Mounting holes for attaching to a work surface.
