

## FOR IMMEDIATE RELEASE

### **BESSEY® introduces the *New Vario K Body® REVO™*** **Two jaws are better than one!**

**April 1, 2009** - The industry leading parallel clamp just got better. Introducing the most powerful and versatile parallel clamp you can buy, the Vario K Body® REVO™. BESSEY® has taken the best features of the classic K Body®, a favorite among serious woodworkers for over 30 years, and added a “twist”. For the first time ever, BESSEY® offers the opportunity to adjust both jaws to optimize clamping set-up ... with the push of a button the 'fixed' jaw can easily be moved to where you want it.

The Vario K Body® REVO™ offers a 30% increase in clamping surface, 1500 lbs of clamping force, a larger comfort grip handle, precise parallel clamping and the ability to quickly convert to a spreader. The Vario is now suited for accurate adjustment of corners and offset edges with the new KR-AS adapter accessory.

Your benefits at a glance:

- 1. Moveable 'fixed' & sliding jaws that permits you to balance your work**
- 2. Parallel clamping surface with jaw protection caps**
- 3. Rail protection pieces**
- 4. New larger, more comfortable handle**
- 5. Removable tail-piece**

BESSEY® has been a market leader in clamps since 1936. As the largest clamp manufacturer in the world, BESSEY® distributes over 1300 different clamping tools in 90 countries worldwide. Under its Erdi brand, BESSEY® is also recognized as a trade leader in cutting tools and snips throughout Western Europe and now offers that technology to the North American market through BESSEY® Tools North America.
