BESSEY® Angle Clamps

Angle clamps for welding and fabricating

Your benefits at a glance:

1. **Right angle clamping**
   The angle clamp has been developed for a wide range of applications, holding, fixing, and aligning material at an exact right angle.

2. **Workpieces of different thicknesses**
   The angle clamp is designed for holding workpieces of different thicknesses at a precise 90° angle.

3. **Copper spindle**
   Copper spindle to resist spatter.

4. **Sturdy frame**
   Sturdy jaws and base made from high grade cast iron.

5. **Clear working area**
   Access to the workpiece is unhindered during welding and assembly work and when fixing T-joints.

**Angle Clamps (WSM)**

- Automatic adjustment to work pieces of different thicknesses
- Sturdy jaws and base made from high grade cast iron
- Copper plated spindles resist spatter
- Accurate 90° angle

</tbody>
</table>

**Multi-Angle Vise Set (WVS, 3-In-1)**

- Clamping aid for clamping components of different thicknesses at any chosen angle
- Angle range: 5° to 180°
- Individual clamps pivot on a fixture to produce an incredible range of angles
